

How to Download & Import your Digital Stickers into Goodnotes

1. Download the .goodnotes zip folder from your Etsy account or from the link provided in the pdf straight to your ipad, DO NOT UNZIP
2. Find your downloaded zip folder in your ipad (Files)
3. Tap the zip folder and hold it until it shows a menu
4. From the menu choose "share"
5. "open in Goodnotes" > Open
6. Import as new document
7. Use the lasso tool to choose your stickers, hold it > copy and paste it in your planner.
8. Or use both in split screen goodnotes sticker book and your planner, choose the sticker with lasso tool, hold it until it shows a square box around the sticker and simply drag and drop to your planner.

You can also import the individuals PNG images to your Photos and use them from photo tool within GoodNotes or if you use any other planner that allows PNG images.

Happy Planning!
