Chest	54cm/21¼"	56cm/22"	58cm/22¾"	60cm/23½"	62cm/24½"	64cm/25¼"

Before you begin!

PRINTING

Please print your pattern at 100%, DO NOT SCALE to fit paper. Before printing pattern, print out this page and measure the test square. The square should measure 10 x 10 cm (some printers will be different - experiment with scale to get the square exactly 10cm).

The screenshot shows a printing interface for a pattern named "SKIPPER". The interface includes a preview of the pattern, a printer selection dropdown (Canon iP4800 series 2), a presets dropdown (Default Settings), a copies field (1), a pages dropdown (All), a paper size dropdown (A4, 210 by 297 mm), and an orientation dropdown. The scale is set to 100%. There are also checkboxes for "Auto Rotate" (checked) and "Show Notes" (unchecked). A "Print" button is visible at the bottom right.

How To Use This Pattern

The full size pattern has been made into tiled sections and is numbered 1 to 16. Each section will have a border which can be cut off on one side only, enabling you to have an underlap when you tape the sections together. There are also arrows with information on matching sections. We recommend sticking your pages together to create rows first, then attaching your rows.
